JEAN FELDMAN

A TEACHING DYNAMO!

Dr. Jean Feldman, a former elementary classroom teacher, has been actively involved in education for more than 30 years. A nationally-known consultant, author and singer, her books inspire teachers around the country, and her lively CDs captivate learners! Her high-energy presentations are always met with rave reviews.

In this **ALL NEW** seminar, Dr. Jean will show you simple, yet powerful ways to create & sustain a positive learning environment. **She'll put the FUN back into teaching and learning with her creative strategies for teaching math and reading skills.** Plus, she'll share dozens of classroom management ideas. Spend the day with Dr. Jean and you'll leave with a smile on your face and a song in your heart!

DR. JEAN IS AWESOME!

"How does she come up with all these clever ideas that make teaching so much more fun?"

– Elisa Martin, PreSchool Teacher

"An amazing day! It's hard to decide which activities to try out first."

– Susana Turley, Kindergarten Teacher

"My 3rd workshop with Dr. Jean and it won't be my last. She is so inspirational!"

– Bev Westhafer, 1st Grade Teacher

"I have a challenging class this year, so today's seminar will really help me out."

– Tanya Collier, Kindergarten Teacher

Dr. Jean's "Tips, Tricks and Terrific Ideas": F

AN AWESOME SEMINAR YOU WON'T FORGET

See how to capture students' attention and keep them focused and learning with **Dr. Jean Feldman's** creative and innovative ideas. Her tips for classroom management and transition times focus children's attention, reduce behavior problems and increase learning. Your young students will be motivated to practice and sustain their reading skills as you replace worksheets with multi-level games, books and activities. And "Math Fever" will spread throughout your room as you use catchy tunes, games and movements to teach beginning math concepts. **Spend a day with Dr. Jean and you'll be ready to differentiate your instruction and increase learning!**

In Just One Day You Will Learn...

- Management tips to make your classroom run smoothly
- How to translate evidence-based strategies into activities kids love
- Rhymes and chants that build phonological awareness
- How to make books that kids will want to read!
- Lively multi-sensory activities that teach math concepts
- Games that motivate kids to practice basic math skills
- Tips for making transition times run smoothly
- How to reach and teach all levels of learners with differentiated open-ended activities
- Ideas for boosting parent involvement

This Comprehensive Seminar Includes...

- ▶ A **FREE Resource Handbook** with follow-up materials to share with your colleagues. Sustain your professional development!
- ▶ Songs for teaching and reinforcing math and reading skills
- ▶ Book-making ideas young children love!
- ▶ Directions for the Brain Game, Pizza Recipes & Smart Cookies
- ▶ Patterns for Literacy Activities: Word Monster, Letter Bears and Fluency Cards
- ▶ Black Line Masters for a Parent Conference Questionnaire, Weekly Report and Kindness Ticket
- ▶ Wonderful websites for research, resources and activities!
